🪪 Professional Summary

Frontend Developer with 3+ years of experience building responsive web and mobile applications using React Native, ReactJS, HTML, CSS, and JavaScript. Skilled in delivering high-quality user interfaces and collaborating with cross-functional teams to meet deadlines. Committed to continuous learning and staying updated with frontend trends.

💼 Work Experience

Software Engineer   Sep 2023 – Present
Blackhawk Network Private Limited   Bangalore, India

- Contributed to website and mobile app development, collaborating with cross-functional teams to deliver seamless user experiences.
- Managed workload efficiently while working in two teams, maintaining high-quality output even during teammates' absence.
- Gained proficiency in ReactJS, integrating with AEM to enhance site functionality and performance.
- Improved website performance for smooth navigation and optimized user experience across devices.
- Transitioned from web to mobile development, leveraging React Native to build and maintain mobile applications.
- Demonstrated adaptability by balancing web and mobile development tasks while consistently meeting deadlines.

System Engineer   Jun 2022 – Sep 2023
Infosys Ltd.   Bangalore, India

- Gained hands-on experience as a React Native developer, building dynamic applications with modern UI components.
- Mastered frontend technologies including JavaScript, HTML, CSS, GraphQL, and REST APIs with state management using React-Redux.
- Improved performance with techniques like fallback UI and throttling-debounce for responsive user experiences.
- Utilized advanced debugging tools like Reactotron and Chrome Redux extension for efficient issue resolution.
- Enhanced app rendering speed through fragments and lazy loading of images.

- Boosted application performance by implementing memoization, reducing unnecessary re-renders by 75% and improving page load times by 40%.

Test Engineer Aug 2021 – May 2022

Mandovi Casting Private Limited Panaji, India

- Checked the size and quality of metal parts using basic tools like vernier calipers and gauges to match the design.
- Worked with the factory team to find and report any issues or defects in the finished parts.
- Helped maintain daily quality records and reports for team and supervisor use.
- Learned how to follow safety and quality standards used in manufacturing industries.

🧠 Skills

- React Native
- CSS
- Bootstrap
- Redux
- Typescript
